HEARING OF THE RED LIGHT BILL

Committee of House of Delegates Postpones Consideration.

ARGUE PRO AND CON.

Bill to Prohibit Shipment of Liquor Amended — Anti-Gambling Bill Meets With Favor.

Richmond, Va., Feb. 27.—Horrors of the red light and segregated districts were presented to the senate committee on general laws last night when the Saunders bill, which is a copy of the "Kenyon bill" adopted by Congress, was taken up for consideration. The question of hearing the matter, the time to be allotted to each side, caused a good deal of debate.

Thre were several plain talks, the advocates of the proposition to abolish the segregated sections presenting facts and arguments which created considerable interest. There were those, however, who opposed the matter in every way, holding that segregation is a solution of the problem, and that to abolish that would be to drive keepers of disreputable places to all parts of the city.

There were two physicians who spoke, both of this city—Dr. Lawrence T. Price, opposing the bill as it is drawn, and Dr. C. V. Carrington, declaring that the red light district is the greatest menace to health and morals that can be imagined.

The committee went into executive session and decided to postpone action till Friday night.

Consideration of the Mann-Buchanan bill to prevent the shipment of liquor into the state was had last night. Senator Mapp, who had charge of the bill, explained its provisions, declaring that its real purpose is to put the bootlegger and speakeasy out of business. He also declared that it was for the purpose of protecting the dry sections of the State .

The bill allows the shipment of one gallon of liquor to any one person at one time, and no more. The buyer has to pay cash when ordered, including the freight charges.

The bill was amended so as to make the amount of liquor three gallons, and to make it applicable and effective when the state goes dry in 1916, and made a recommendation that it be passed.

Delegate John W. Stephenson last night appeared before the Senate general laws committee and urged the favorable report on the a gambling bill. He was asked a great many questions by Delegate Gregory and others, who opposed the measure. Mr. Stephenson asked the committee to make some report on the bill and to get it out of the committee.

The committee ordered the bill favorably reported.

FIEND BURNS WOMAN'S HAIR.

Burglar, Failing to Find Money, off Her Tresses.

Dover, Del., Feb. 27.—To have her hair cut from her head and thrown into the fire by a masked burglar demanding money was the harrowing experience of Mrs. Herbert Hutchins, of near Hartley, on Saturday night, while her husband was away from home. The affair was kept quiet in the hope of detecting the guilty party, but yesterday the Attorney' General"s office sets its detectives to work.

Hearing a knock at the door and thinking it her husband, Mrs Hutchins unlocked the door to be confronted with a man, well dressed and with a mask over his face. Pointing a revolver in her face, demanding money and telling her that her husband was in Hartlye when she threatened to call him. ransacked the house for money. Finding none he cut off Mrs. Hutchins' hair and threw it into a stove in the room. When Hutchins returned he found his wife had fainted and it required three hours' work to restore her to consciousness.

NEWS OF THE DAY

Hundreds of unemployed working women and girls will lead the procession of unemployed men that will descend on the National Capital April 16, under command of "General" Jacob S. Coxey.

Deserted on what was to have been her wedding day, Miss Annie Myrtle Kelley, of Eastport, near Annapolis, Md., is in a precarious condition at the home of her parents. The wedding was to have taken place Tuesday. Invitations had been issued, guests had assembled, and the minister, Rev. W. F. Miller, pastor of Eastport Methodist Episcopal Church, was on hand. Joseph Williams ,bridegroom-to-be, failed to put in an appearance however. Miss Kelley grew nervous, and finally fainted. Friends pacified her as much as possible, but as fast as she was revived from one spell she lapsed into another faint, and has been in a semi-conscious condition ever since. Her condition is regarded as grave.

Two alarms yesterday afternoon called out the greater part of the fire apparatus in the central part of Washington to fight a fire that resulted in between $50,000 and $60,000 damage to the plant of the Home Ice Company at Twelfth and V streets northwest. More than a ton of ammonia, used in the manufacture, was stored in large tanks near the burning building. This, the firemen said, was enough to have spread destruction for blocks had the blaze reached the tanks.

"Gyp the Blood," "Lefty Louie," "Whitey" Lewis, "Dago Frank,"four gunmen convicted with Police Lieut. Charles Becker for the murder of Herman Rosenthal, the gambler, in New York, will be electrocuted during the week beginning April 13. The date was fixed by the Court of Appeals today when the judges signed the four death warrants.

A number of houses were destroyed by a huge meteorite, which descended yesterday in the village of Jendkovitzy, in the Polish province of Kieloe. The meteorite emitted sulphurous fumes.

A dispatch from Masonville, N. Y., says Mrs. Mary Butts, former housekeeper for Jacob Oswell, who died recently, found secreted in the cellar in tin cans $10,000 in gold and bills. Oswell was distrustful of banks. The money has been turned over to his estate.

At last twelve men were killed and eight others fatally injured yesterday in an explosion which destroyed an extensive aniline dye factory in Rummelsburg, a suburb of Berlin. There were 400 employes in the building at the time of the explosion, which was heard all over Berlin. The firemen were unable to enter the buildings, owing to the poisonous fumes, and it was not possible to ascertain the full extent of the disaster.

The double suicide of Miss Amanda Nugent and her brother-in-law, Harry Hooter, after they had been found together by her father, R. M. Nugent, at Bob, La., 12 miles from Alexandria, was investigated by a coroner's jury, which returned a verdict setting forth the details of the tragedy. Nugent testified that while he and his son were grappling with Hooter they heard a shot in Miss Nugent's room, and found she had shot herself with a small rifle. Hooter fled 2 miles to the home of Judge Moffett, where he obtained a shotgun with which he killed himself. Hooter leaves a wife and child.

TRIES SUICIDE IN CHURCH.

Woman Drains Bottle of Lye While Appearing to Pray.

Wilmington, Del., Feb. 27.—Kneeling in St. Patrick's Catholic Church yesterday afternoon, apparently praying, Mrs. Helena Sweeney, of No. 1111 French street, drained a bottle of lye and fell unconscious upon the floor. Two school children, who had entered the church to pray, found her and notified some persons in the pastor's house. Mrs. Sweeney was rushed to the Delaware Hospital and, when revived several hours later, said trouble she had recently caused her to drink the poison. She will recover.

FINAL DEMAND FOR BENTON'S REMAINS

Carothers Uses Automobile With Flanged Wheels in Hurried Trip.

HUERTA TAKES BOYS.

Two Hundred Farmers' Sons Between Twelve and Fourteen, Found in a Camp—Mothers Weeping.

El Paso, Tex., Feb. 27.—George C. Carothers, special representative of the American Department of State, left here today for Chihuahua, to make a personal investigation into the execution of William S. Benton, Englishman, and to endeavor to locate his body. He was not accompanied by Charles Alexander Spencer Perceval, British vice consul at Galveston, who arrived in El Paso last night, with instructions he would not divulge. Nor did any relative of Benton accompany him.

There is a report here that Carothers carried with him for presentation to Gen. Francisco Villa, constitutionalist leader, an ultimatum demanding that unless Benton's body is produced and shown to the American representatives within twenty-four hours drastic measures will be resorted to.

Carothers declined to discuss his instructions or to indicate whether they embodied such an ultimatum. He did not go by train, using as a means of location an automobile with flanged wheels, which he is driving over the tracks of the Mexican Central Railroad.

Mexico City, Feb. 27.—An example of how General Huerta recruits his federal army was furnished today, when a detachment of soldiers suddenly surrounded the Mexico City market place and drafted 200 farmer boys, who, with their mothers, were attending the provision carts. Amid the cries of the boys, most of whom were not more than twelve and fourteen years old, and the frantic efforts of the weeping women to rescue them, the "recruits" were dragged off to places of confinement, where they will be kept under guard until Huerta can herd them into box cars and send them out to one of his armies.

The conscription of the children was an appaling sight to onlookers who were unused to Huerta's ways. One moment the market place was a peaceful rural scene, and the next it was a scene of wildest confusion. The sudden appearance of the soldiers threw the women and children into a panic. The soldiers roughly seized every boy in the place, and beat those who resisted.

One thousand federal troops were rushed from Mexico City today to the defense of Manzanillo, on the west coast, when it was reported that the rebels, with the captured gunboat Tampico, were about to bombard that port. War office reports today said that the renegade gunboat, operated by its regular crew, who deserted to the rebels, is terrorizing the entire Pacific coast of Mexico. The rebel attack on Mazatian continued today.

The story that Heurta refused the United States permission to send an embassy guard to the capital soon died. It was started by Mexicans, and not confirmed. Charge O'Shaughnessy knew nothing about it.

Clerks Tango in City Hall.

Perth Amboy, N. J., Feb. 27.—Tongoing by city employes during office hours has so interfered with their municipal duties that Mayor Bert Garretson has announced he would make an investigation and stop the dancing. The tangoers used the council room and district court chamber to practice the new steps.

Chanler Asks More Funds.

New York, Feb. 27.—"I can't live onu less than $24,000 a year," John A. Chanler, of "Who's Loony Now?," fame told the court in asking that his $17,000 allowance be increased.

SWANSON TAKES UP FIGHT.

Replies to Bristow's Attack on Parcel Post System.

Washington, Feb. 27.—The Senate gave itself over again yesterday to a bitter debate over the future of the parcel post, half a dozen Senators joining in the controversy that has for three days stirred the Senate.

Senator Swanson, of Virginia, bore the brunt of the fight in behalf of the Administration and the parcel post service as it has been developed by Postmaster-General Burleson and the Inter-State Commerce Commission. He was supported by Senator Owens and others.

For more than an hour Senator Bristow continued his attack upon the 'discriminations" of the present service. He followed the same lines of yesterday, insisting that he was still a friend of the parcel post, but was not a friend of a service that was as indefensible as that evolved by the Post Office Department.

In his reply Senator Swanson made a telling point when he declared that the passage of the pending amendment would legalize in a fixed statute the very discrimination against which the Kansan inveighed.

"The Senator from Kansas," said Senator Swanson, "finds certain faults with the present parcel post system. He insists, for instance, that there are discriminations practiced. This may be true, and probably is true, but if the amendment now proposed passes the discriminations against which he raises his voice will be fixed and unchangeable. The power of the Postmaster-General to change the rules and rates will be withdrawn and the inequalities and injustice that may now exist will continue to exist."

The Virginian warned all interests to keep hands off a service that was giving the satisfaction which the present parcel post system was giving. He declared that the opinion of the public was overwhelmingly behind the acts of the Postmaster-General and the Interstate Commerce Commission and that it was a dangerous thing to trifle with public opinion.

At the conclusion of the debate this afternoon it looked like the repealers were defeated. It was stated that Senator Bankhead would propose a substitute amendment tomorrow forbidding the Postmaster-General to raise the weight limit to more than 50 pounds, but leaving other discretionary powers in his hands.

TWO AMERICAN PRISONERS.

Their Capture in Albania Due to Factional Intrigue.

Viena, Feb. 27.—Confirmation of the capture in Albania of two American citizens, believed to be of Albanian extraction, has been received by the Austro-Hungarian Foreign Office. The dispatch does not give any definite information as to where they were taken prisoners, but the affair is attributed to intrigues between the various factions in Albania.

At the request of the American embassy here the Austro-Hungarian foreign minister has instructed the Austrian consul at Elbassan to investigate the affair, and everything possible is to be dont to assoist the American embassy in its inquiries.

The Vossichre Zietuns yesterday published a special dispatch from Durazzo reporting that an American missionary who was traveling through the south of Elbassan, in Albania has been captured by a band of brigands According to one version, he was killed

New York, Feb 27.—A mission station in Albania is maintained by the American Board of Commissioners for Foreign Missions. Phineas B. Kennedy, their missionary, who was formerly stationed at Kotha, Albania, was recently in Durazzo. He has been engaged in distributing relief in the vicinity of Elbassan among Albanian sufferers from the effects of the Balkan wars.

DR. WILEY AGAIN A FATHER.

Washington, Feb. 27.—Dr. Harvey W. Wiley, former chief chemist, was a proud papa again yesterday.

John Preston Wiley arrived yesterday morning. He is a 10-pound youngster, and Dr. Wiley, plain matter-of-fact scientist that he is, couldn't help telling his friends that he is the "greatest baby in the world," second only to Harvey W. Wiley, Jr., who was born May 16, 1912.

Mrs. Wiley and the Doctor, who is 70 years ol, were married in 1911.

Weaver Speaks on Methods of State Boards and Departments.

WANTS CHECK WHEEL.

Speaker Alleges Funds Derived From Taxpayers Are Utilized Without Authority of General Assembly.

Richmond, Va., Feb. 27—More than $150,000 of money raised from the taxpayers of this state every year, is utilized by departments and boards of the State as they see fit, without any regulation or control by the General Assembly, and without any item of the expenditures appearing in the annual appropriation bill, according to a statement made to the House of Delegates by Aubrey G. Weaver, of Warren county, chairman of the House Finance Committee. These boards, said Mr. Weaver, fix salaries as they please, regulate their own expenses, and spend money to suit themselves, entirely without authority from the General Assembly, so long as they do not exceed the total receipts from the special taxes levied for their benefit. In some instances any balance at the end of the year reverts to the general fund, thus taking away any incentive to be economical, while in other cases the fund continues, regardless of its size or of the needs of the department, as a special deposit for its use and benefit.

Mr. Weaver read from a statement of Auditor of Public Accounts C. Lee Moore to show that the State Department of Agriculture and Immigration received last year from the special fertilizer tax $77,514.46, which it expended absolutely without any supervision or control of the General Assembly, and as an item entirely in addition to the amounts provided for that department in the appropriation act; that the State Dairy and Food department received last year from a special tax on four wills $18,423.18; the Bureau of Insurance, $24,496.54, from a special tax on insurance companies, and the Bureau of Banking, $19,205 from a tax on banks. In addition, the State Library, the Military Board and other departments of the State have funds derived directly from special levies or taxes, over which the General Assembly has no supervision, and which may be expended as these boards see fit.

Mr. Weaver made it clear that his committee would seek to inaugurate a system by which the reports would show every dollar paid to the State in taxes, and by which the general appropriation bill as adopted by the General Assembly would show every dollar authorized to be expended from the public purse for any purpose whatsoever. He recited instances where boards having special funds at their disposal had come before the Legislative Appropriations Committees and asked allowances. When turned down because their projects were considered unnecessary or extravagant by those set to guard the public funds, these boards had laughed in their sleeves at the General Assembly, snapped their fingers at the committees on Appropriations, and proceeded to carry out their projects from their own funds derived from special taxes paid directly to them.

Murphy Refuses to Talk.

STEAMER'S PERILOUS VOYAGE.

Panic-Stricken Mohammedan Seamen Pray for Succor While Muscle Saves Steamer.

Pihladelphia, Feb. 27.—Christian muscle proved more effective than Mohammedan prayers when a furious storm struck the German steamer Ockenfels, off the Grand Banks on February 16, and continued to buffet the vessel until Febraury 20. When the steamer reached this port yesterday the Moslem crew were still huddled below decks, not yet recovered from their panic, while the officers performed the greater part of the work by navigating the vessel. It was only through the almost superhuman efforts of the officers that the Ockenfels was saved from destruction. When the storm broke the Mohammedans fled below and devoted their energies to praying for the wind and waves to subside. The Christians remained at their posts, supplementing their appeals for Divine aid with ceaseless labor.

The vessel left Narvik on February 7, with 700 tons of iron ore, in command of Captain von Asweger, an experienced German shipmaster. The crew numbered 73 men all told. The vessel was struck by a storm of hurricane force on February 16, which lasted until February 20, and covering the steamer with ice and snow. The water froze where it struck. When the crew were called to duty none responded and the officers had to work the ship themselves. Two icebergs were seen, one of which was 400 feet long and 30 feet high. They were sighted February 19 in latitude 47, longitude 46.

In describing his battle with the elements Captain Von Asweged said that at one time there were 400 tons of ice and snow on the decks and rigging. A lifeboat was smashed, the stern steering gear was carried away and iron ladders were broken to pieces as if they had been made of glass.. The captain declares that never before in his long sea experience had he heard of a mutiny in time of peril. The action of the Mohammedan sailors will be taken up by the German Consul.

JAPS SMUGGLED INTO U. S.

"Soft-Pedal" Order Blamed by Congressman Hays.

Washington, Feb. 27.—Japanese are being smuggled over the border in as great numbers as are Chinese or Hindus, Roger O'Donnell, special immigration inspector yesterday told the House Immigration Committe. He declared 96 Japanese had been deported during the last six months for having illegally entered the country.

"That ought to put scarehead lines into California papers for a year to come," said Representative Moore, of Pennsylvania, who characterized the inspector's remarks as an attempt to "terrorize the Pacific Coast."

NEW QUARTERS FOR LAW DEPARTMENT

Movement to Erect Three New Government Buildings in Washington.

WILL COST $3,000,000.

Congressman Clark Opens Project—New Structures Will be Placed on Mall on Pennsylvania Avenue.

Washington, Feb. 27.—Congressman Frank Clark of Florida, has introduced in the House a bill providing $3,000,000 for the construction of the Department of Justice building in accordance with a plan projected for three great Federal structures on the south side of Pennsylvania Avenue, bordering upon the Mall.

Secretary of Commerce Redfield has urged the need for more spacious quarters and asked that immediate steps be taken for the erection of its new home.

The Department of State is the only one of the three departments included in the proposed plan which has shown no disposition to push it, possibly because as the state building is to be located farther from street railway facilities than the other buildings, its officials are inclined to give more thought to the details.

In 1910 the public buildings act authorized the preparation of preliminary plans and sketches for three buildings, to be utilized, respectively, by the Departments of State, Justice, and Commerce and Labor.

Immediately the supervi tect of the Treasury and ants, and took up the task. pleted it within a year. point the whole project wa holed.

Before anything can be dete upon definitely with regard to the commerce building, Congress must decide whether it will house both the Department of Commerce and that of Labor in the same structure.

Even if the Department of Commerce is given ont of the buildings alone it will require the largest of the three. Present estimates fix the required sum for this edifice at $4,500,000. Secretary Redfield desires to house all of the bureaus embraced in his department, with the single exception of the Bureau of Standards, which, to preclude disturbance of the instruments used, has been located away from electrical influences.

The Department of Commerce employs one of the largest corps of clerks in the Federal service In addition to its regular staff, its force is largely inaugurated during the periodical census enumerations. Consequently it is said that provisions will have to be made for more than 2,500 individuals.

Immediate need, it is contended by Federal officials, now exists for the Commerce and Justice buildings, and strong pressure is expected to be brought to bear upon Congress to give favorable consideration to the adoption of plans.

All three proposed buildings are to be of classic architecture, and will conform to the monumental scheme developed in the Capitol, Treasury, and other of the larger Federal buildings now located in Washington.

Wilmington, Del., Feb. 27.— Miss Mabel Vernon, Delaware chairman of the Congressional Union, and a prominent suffragist, was arrested charged with not cleaning the snow fro mthe pavement of suffrage headquarters here. The case will be called in city court tomorrow, when Miss Vernon will enter a plea of not guilty. Suffragists say a sweeper of a trolley company threw the snow on the pavement after the janitor had cleaned it off. Miss Vernon was released on her own recognizance.

FOUND FROZEN IN BOX-CAR.

Involuntary Ride From Baltimore Will Cost Hands And Legs.

Philadelphia, Feb. 27.—Locked in a freight car two days, Hardington Godey, of Baltimore, was found almost frozen to death when stevedores who were unloading a train on Delaware avenue discovered him yesterday. Godey was found and was hurried to the Pennsylvania Hospital. When he recovered consciousness he said he had been engaged in loading the car at Baltimore on Tuehday, when some one shut the door and fastened it. He cried out loudly to be released, but he apparently was not heard. Among the freight in the car he found food, but the cold proved too intense and he finally succumbed to it, after much suffering.

At the Pennsylvania Hospital the doctors found the man's condition to be very serious and that his only chance of recovery lies in the amputation of both legs above the knees and both hands.

George Brown, who claims Baltimore as his home, crawled into the Third and De Lancey street police station yesterday with his feet and hands frozen. He said he had come to the city under a freight car, having stolen a ride, and that he thus fell a victim to the cold. He also was taken to the Pennsylvania Hospital.

PASSING OF COLD WAVE

Under Present Conditions Ice in the River Will Soon Be on the Move

The temperature today has been in marked contest to that of a few days ago. Much of the snow which fell Monday has disappeared, and the ice in the river is about to move. There are small lakes of clear water in the main channel, caused by the passage of steamers, but the docks and floats upon both sides of the river are still solidly covered.

The steamer Northland, from Norfolk, arrived up about on time this morning. She had nothing new to report concerning conditions in the lower river. The steamer encountered ice sixty miles or more south of Alexandria.

The steamer Northumberland, which left this port this week for Baltimore, has not reported.

Oysters and fish are received from Norfolk, the recent spell of frigid weather having brought operations to a standstill on the river.

Preparations for the spring fishery will be commenced shortly, and as soon as the ice shall have disappeared gilling and seinhauling will be commenced. Some few shad and herring have already appeared in the bay and river.

OCTOGENARIAN ILL.

Well-Known And Popular Resident Confined to His Home.

Frederick Geisendaffer, one of the oldest and most generally known residents of Alexandria, is critically ill at his home on south Lee street. Mr. Geisendaffer is well up the eighties. He is probably the only person living who belonged to the crew of the passenger train of the old Orange and Alexandria Railroad, he having been one of the original employees when the terminus of that road was Gordonsville, where it connected with what was then known as the Virginia Central (now the Chesapeake and Ohio Railroad) for Richmond and the West. Mr Geisendaffer was one of the train crew during the terrible blizzard of 1856-1857, and his reminiscenses of those days, when there were no snow plows, are interesting.

Previous to the civil war he was baggage master on the Orange road and later became an attache of the Adams Express Company, a position he held until the weight of years rendered it necessary for him to relinquish the occupation.

The council will pay a fraternal visit to Washington next month.

An interesting feature of the meeting was a visit to the council of Judge John H. Noyes, of Plaistow, New Hampshire, who delivered an interesting and instructive address on the "Question of Immigration." The speaker was listened to with close attention by his audience.

HONOR LONGFELLOW.

Birthday of the Children's Poet Celebrated.

The pupils of the the third and fourth grades of St. Mary's took upon themselves the honor of celebrating Longfellow's birthday, and the programe in their class-room today, considering their years and knowledge, did them and the great American poet, honor. The numbers showed they had become familiar, not only with the life of the poet, but with the best in his works, and the ease with which selections were given from memory, gave promise of good literary work when the years shall have made them better able to appreciate the beauty of the poet's soul as revealed in his great contribution to American literature.

The following was the programe:

An afternoon with Longfellow—The Children's Poet and Friend.
His Life—L. Evans.
Childhood—G. White.
First Poem—A. Flynn.
Travels—H. Norris.
Waitings—C. Grace.
Homes—M. Stuart.
Arm Chair—C. Thomas.
Story of Evangeline—G. Backenheimer.
Story of Hiawatha—M. Griffith.

MAY DEPORT MISS EMERSON.

Home Secretary McKenna Says American Women Must Behave.

London, Feb. 27.—Confirmation of the statement that no steps are being taken by the British government for the deportation of Miss Zelie Emerson, the militant suffragette, of Jackson, Mich, was given by Reginald McKenna, Home Secretary, in a printed reply to a question put to him in the House of Commons yesterday. The Home Secretary added: "However, if Miss Emerson again commits an offense bringing her within the provisions of the Alien act, the question of applying to the court for a recommendation for her expulsion will be considered.

The original question was asked whether there was any precedent for the deportation from the British Isles of an American citizen as an undesirable alien. To this Mr. McKenna replied that 143 American citizens convicted of crimes had been expelled from the British Isle during the eight years since the enactment of the Alien act.

Mr. McKenna had an audience yesterday with King George in connection with Mrs. Emmeline Pankhurst's application for an interview with his Majesty.

There were no cases for trial in the Police Court this morning.

The police of New York and Philadelphia have indicated that they desire to prosecute Avery when the local police are through with him.He is known to the police in many eastern cities having been arrested a number of times and once sentenced to prison.

Avery came here a few weeks ago with a bride of a month and posed as Benjamin McDougal, a New York broker. He was laying the foundation for extensive swindling operations the police said, when Detective Krengel and Wiltshire nabbed him. His bride refused to see him after he was arrested, saying that he had cruelly deceived her, and returned to her mother's home in New York.

Among other things he had told his wife was a pretty piece of fiction to the effect that he was related to John D. Rosckefeller, the police and they learned.

A depression in the right side of the forehead indicated that this may have been the result of foul play, but the theory was soon dropped.

Elyson was lying prostrate on the floor with his head resting near the base of a stout concrete pillar, and, according to the conclusion of Coroner Taylor, his death was caused by falling and striking his head against the pillar.

MISSION HOUSE DESTROYED.

Three Women in Building Have Narrow Escapes.

Stanardsville, Va., Feb. 27.— The mission house situated near Lydia, Greene county, the property of the Episcopal Church, caught fire a few days ago and was totally destroyed, together with the entire contents, with the exception of two trunks, containing clothing. The origin of the fire was a defective stove in one of the upstairs rooms. The house was occupied at the time the fire was discovered by Deaconness Virginia Mitchell, Miss Hackbusch, a school teacher, and Miss Adkins, a trained nurse. The whole room was ablaze when the fire was discovered and the women had narrow escapes with their lives. The loss is about $3,000.

Nearby is located the Jewel Memorial Chapel and the hospital, both belonging to the Episcopal Church. This is the second fire at this mission, as several years ago the hospital was burned and rebuilt.

Two Helpmates Shake Hands With Him Before Penitentiary Term Begins.

Suffolk, Va., Feb. 27.—After being taken back to the Nansemond county jail to prepare to go to the penitentiary, to serve three years of bigamy, William Hughes, alias William Brunskin, who had just plead guilty of the charge against him, was greeted by his two wives, who chatted cheerfully with him.

Both wives—China M. Pope, No. 2—1, and Lizzie Stokes, spouse No. 2—seemed to be on good terms with their bigamous husband, but neither would say which would claim him when he comes out of the State's prison.

Brunskin threw himself on the mercy of the court, asking for a mimimum sentence, which was imposed. Many friends gathered around him after he was sentenced to bid him farewell. He is about the jolliest bigamist and his wives are the most unconcerned helpmates seen here in a long time. The wives heartily shook hands with him, however, before they left for their homes.

WOMEN SORE OVER DEFEAT.

The result of Tuesday's election in Illinois is a score disappointment to suffragettes of that state who had manifested so much interest in the issue. Some of those who were furnished with tickets for Salt river are in the mood of a former Mayor of Alexandria when he made a certain exclamation, the echo of which has gone around the civilized part of the world.

Charges of fraud are in the air—and that, too, against sisters in the cause. It is alleged that an old masculine trick—accepting money from one candidate and selling out to a competitor—was perpetrated in some instances.

But the small feminine vote is a sore disappointment to the suffragists, as members of the gender failed to turn out in the large numbers expected.

A serious gap exists at present in the ranks of the women, and the utterances of those who came out second best in the contest are calculated to widen the breach.

There are hard lessons to acquire in politics, one of which is to take defeat in good nature. Men pick their flints and try again. Women should learn to do likewise.

ROBBING THE CRADLE AND THE GRAVE.

Huerta is said to be imitating Napoleon Bonaparte when the latter found himself upon his last legs. It is alleged that about two hundred boys, whose ages range from twelve to fourteen years, have been found among his conscripts. Mothers surrounded the camp in which their children were held and and their lamentation and weeping is said to have been heartrending.

Despots, especially when their fortunes are about to wane, are unmindful of the appeals of fathers and mothers, and children are made to realize the horrors of war. A large majority of the followers of the Corsican previous to the fall of the latter were striplings, many of whom were killed in battles.

It is said that several years ago in Russia press gangs would enter houses of peasants while the families were gathered at the supper table. The leader, after sizing up the members of the circle, would say, "We want this one," pointing to a boy. The father's observation to the effect that the youth had just entered his teens was unavailing, as the man in charge of the gang would answer this by saying, "He's large enough to pull a trigger."

PARENT-TEACHERS' ASSOCIATION.

A notice elsewhere in the Gazette of a meeting called for tonight at the home of Mr. Clifton Howard, for the purpose of reorganizing the Parent-Teachers' Association, to work in connection with the schools of Alexandria, should call out a large number of interested persons. In almost every city, in the state strong organizations of a similar nature exists and are of vital importance in co-ordinating the interest of home and school, and in bringing to patrons of the school the needs. Such organization is always followed by an awakened interest in the school and the development and raising of the standards.

Alexandria schools are doing excellent work, but their future and equipment will both be helped by bringing together all interested in the welfare of the school.

DANGAN WEDS SHOW GIRL.

Son of Earl Cowley Appeared in Musical Comedy.

New York, Feb. 27.—Another American woman has become a peeress through her marriage with a titled Englishman. She was May Picard, a show girl, who has been on the stage for several years. Arthur Wellesley, Viscount Dangan only son and heir of Earl Cowley, is the happy bridegroom.

Viscount Dangan has been taking a small part in "The Girl on the Film", which closed its engagement a few days ago at a local theatre. Miss Picard was a member of the same company. The Viscount has been in this country since the first of the year. He came with the London Gaiety Theatre Company, after a rather checkered career in England

The marriage took place at St Patrick's Cathedral Wednesday. The wedding party consisted of only the principals and four witnesses, all mebers of the company with which the bridal pair had been connected Both Lord and Lady Dungan are of the same age, each having reached their twenty-fourth year on last Christmas Day.

Lord Dangan was disowned by his father several years ago. He had been put into the British army as a commissioned officer but when his father cut him off without an allowance he found that he could not keep pace with his fellow officers in the matter of expenditure and was forced to resign. Then he appeared on the streets of London as a cab driver, but he kept that job only for a short time.

DON'T OVERLOOK THIS.

The average Man is a doubter, and there is little wonder that this is so. Misrepresentations make people skeptics. Now-a-days the people ask for better evidence than the testimony of strangers. Here is proof which should convince every Alexandria reader.

Miss Harriett Johnson, 207 Queen street, Alexandria, Va., says: "For two years I had a lot of trouble from my back. As long as I kept still I got along all right, but as soon as I began to work, I was bothered terribly by backache. A neighbor gave me a box of Doan's Kidney Pills procured from Leadbeater & Son's drug store and they cured me. I have had no symptoms of kidney complaint during the past few years. I willingly confirm my former endorsement."

The above statement must carry conviction to the mind of every reader. Don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills—the kind that Miss Johnson had—the remedy backed by home testimony. 50c at all stores. Foster-Milburn Co., Proprs., Buffalo, N. Y.

When your back is Lame—Remember the name." (22).

TUCKER NOT TO GO TO JAPAN.

Washington, Feb. 27.—Harry St. George Tucker, of Lexington, Va., has advised the State Department and the Panama Exposition officials that he cannot undertake the mission to Japan and China to secure the participation by those nations in the celebration at San Francisco.

Mr. Tucker is now engaged in writing a book on the "Treaty-Making Powers of Nations" and finds he has not the time to make the trip and return to America by January 1. The unsettled relations between Japan and America over the California Alien land law have caused two postponements of the visit. There is some talk of Mr. Tucker making the race for Congress in the Tenth Virginia district against Representative H. D. Flood.

A Neglected Cold Often Affects the Lungs

Many serious cases of Throat or Lung Trouble can be directly traced to a cough or cold which has been neglected. If you notice that a cough persists in clinging to you like warning. If you neglect trying to stop this supposed trivial trouble the throat and lungs later become affected. In many cases Eckman's Alterative has found the means of bringing permanent relief. Investigate this case.

Saratoga, N. Y.

"Gentlemen:—For five or six years I was troubled with cough and expectoration. Colds had a high fever. My case was declared Lung Trouble by my physician. I was given Cod Liver Oil, Creosote and other medicines, all without benefit. At Christmas time, 1906, I was not expected to live. Calling Dr. R. H. McCarthy, he advised the use of Eckman's Alterative, which I took with excellent results. I have gained in weight. I go out in all weathers and have had no cough or cold whatever. I give these facts to encourage others to use Eckman's Alterative."

(Affidavit) JAS. W. KANALY.

(Above letter dated, made on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons of habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

MORE TROUBLE IN LISBON.

Revolutionary Element Join Railroad Strikers.

Madrid, Feb. 27.—The foreign office has received advices that grave disorders have broken out in Lisbon as a result of the railroad strike. The revolutionary element was said to have joined the strikers, and troops were holding the streets against them. The dispatch said two trains had been dynamited, and two bridges blown up near Helvas. No casualties resulted.

Paris, Feb. 27.—Railroad communication between Lisbon and the Spanish frontier has been completely cut off by the striking railway men who belong to the revolutionary section of the socialist party. According to passengers arriving here from Lisbon, after a journey of 102 hours, instead of the usual 32, the tracks have been destroyed in many places. bridges blown up, and telegraph and telephone communication interrupted throughout Portugal.

The Paris passengers were obliged to transfer six times between Lisbon and the frontiers, owing to breaks in the line. The rails in the tunnel near Kabreças, have been torn out and a freight train was derailed at the mouth of the tunnel.

At Santarem the railroad bridge has been blown up by strikers, and no train has run in either direction between Lisbon and Madrid since Sunday morning.

SLEMP OPPOSES MEASURE.

Congressman Criticizes Terms of Bill Recommended by Stuart.

Washington, D. C., Feb. 27.—Congressman Slemp, Republican, of the Ninth District, declares that the primary law recommended by Governor Stuart, is defective, in that it allows the Democrats to be judges at Republican primaries, whereas only Republican judges, in his opinion, should be allowed to deal with Republican primaries.

He stated that he has no objection to three Democratic judges serving at Democratic primaries, as opposed to Governor Stuart's plan of having the judges at the general election two Democrats, and one Republican serve.

"I think the primary election law proposed by Governor Stuart ,is fatally defective in not providing for a fair selection of judges of election," said Mr. Slemp today." "The provision of the bill recommended by the Governor in this regard, is that the judges of election at the regular elections will serve at the primaries.

"This will mean that the Democratic judges of election selected by Democratic candidates will serve at Republican primaries. Such a proposition would be absurd and obnoxious to both Democrats and Republicans. Republicans don't want Democrats running their primaries. All they ask is fair treatment at the general election."

The recommendations of Governor Stuart regarding the primary are looked upon with favor generally here.

HILL SEES PROPERTY.

Talks With President And Describes Outlook as Bright.

Washington, D. C., Feb. 27.—James J. Hill talked with President Wilson yesterday about business conditions and said afterwards that the outlook for prosperity was bright and that things were moving.

Mr. Hill was mentioned recently as a probable selection for the Federal Reserve Board, but Administration officials said today he was not being considered in that connection.

It was learned at the White House later that Mr. Hill advocates rigid regulation by the Government not only of railway securities, but of industrial securities.

He favored also, it was said, an early termination of pending or proposed government investigations of railroads so as to eliminate uncertainty in the railroad world as early as possible. Just what opinion the President expressed on these subjects was not divulged.

Children Burned to Death.

Five of the six children of Joseph Smart, a lumberman, were burned to death when their house at Eagle Lake, near Ashland, Me., was destroyed by fire Saturday. Smart was away from home at the time. The mother, who slept on the ground floor with a daughter, made a desperate effort to save the other children who occupied beds on the second floor. Mrs. Smart in her night dress climbed to the roof of a shed adjoining, and with her bare hands broke the glass windows of the rooms where the other children were but was unable to reach them. Neighbors found her unconscious. she will probably die.

KILLING OF BENTON.

Scotchman Alleged to Have Been Shot by Villa's Order.

El Paso, Tex., Feb. 27.—A new version of how William S. Benton met his death at Juarez, essentially differing from the official account given out by Gen. Villa, and believed by Benton's friends and countrymen to be authentic, has reached here.

According to this new version, Benton went to Villa's office in Juarez and abruptly entered the latter's quarters without a formal invitation. Villa at once recognized Benton as an old enemy dating back to times prior to the insurrection, and slipping behind his visitor, barred the door. Benton, they say, did not reach for his hip pocket or make any menacing motion, and neither did he use abusive language, or give utterance to threats, but began to complain strongly about repeated robberies on his ranch, and wanted to know when he would be allowed to return to it without further molestation.

Then, according to this version, Villa, pretending to walk to the door, slipped behind Benton and felt his hip pocket, in which he found a revolver. Holding Benton, he immediately called in his guards and placed him under arrest, charging him with attempted murder. Benton was then locked in another room, and later he was asked for a personal interview.

In this talk, it is said, Villa claims that Benton confessed to him frankly that he had intended to do him, harm, and Villa then admitted that he ordered Benton shot at once.

OPERATOR TAKES BLAME.

Wireless Man on Nantucket Did Not Report Monroe's Calls.

Philadelphia, Feb. 27.—Adolph Doehler, wireless man on the Nantucket, which sunk the steamship Monroe on the morning of January 30, causing the loss of 41 lives, testified yesterday that on the morning of the accident he had heard the Monroe and her sister ship, the Hamilton, of the Old Dominion line, exchanging wireless signals and said had he been alert and caught these signals the catastrophe might have been avoided.

Doehler said he was reading a novel when he heard the exchange between the Monroe and the Hamilton and he did not put down his book long enough to jot down the respective positions of the vessels. He explained that under the rules of the Marconi Company, he was not required to report every message he heard to the captain of the Nantucket.

Clarence H. Davids, of Yonkers, N. Y., a passenger on the Monroe, testified that so far as he could observe "it was every man for himself" after the Monroe was rammed and began to sink. He admitted, however, that he did not know when he jumped into the sea that lifeboats had been launched from the Monroe and that many persons were picked up by them. Davids was saved by a boat from the Nantucket.

Rexall Dyspepsia Tablets

are, we honestly believe, the best remedy made for Indigestion, Dyspepsia and all other Stomach Ills

We Know They're Good

Rexall Dyspepsia Tablets, in addition to other ingredients, contain Pepsin and Bismuth, two great digestive aids used by the entire medical profession. They soothe the inflamed stomach, check the heartburn and distress, stimulate a healthy secretion of the gastric juice, aid in rapid and comfortable digestion of the food and help to quickly convert it into rich red blood, and thereby into flesh, bone and muscle. They relieve stomach distress promptly, and, used regularly for a short time, tend to restore the stomach to a comfortable, easy-acting, healthy state. They aid greatly to promote regular bowel action.

Delays Are Dangerous

Don't neglect indigestion, for it frequently leads to all sorts of ills and complications. The pain and discomfort is not the most unfortunate part. The fact that when the stomach is not acting right, the material needed to repair the wastes that are constantly taking place in the body is not being given to the blood either in the proper condition or fast enough is far more serious. Nothing will cause more trouble than an unhealthy stomach. The blues, debility, lack of strength and energy, constipation, biliousness, headaches and scores of other serious ailments result from the failure of the stomach to properly do its work.

You Risk No Money

Our willingness to have you use Rexall Dyspepsia Tablets entirely at our risk proves our faith in them. We always sell them this way, and it is because we know that they have greatly benefited scores of sufferers to whom we have sold them. There's no red tape about our guarantee. It means just what it says. We'll ask you no questions. You needn't sign anything. Your word is enough for us. We know that when they help you you will consider it money well spent even if they had cost you ten times as much. If they don't help you, the money you paid for them is yours, and we want you to have it.
